Bringing Quality Anesthesia  
to Your Office or Surgery Center

## Excellence in Anesthesia

New York Anesthesia is comprised of a highly skilled group of board-certified anesthesiologists who provide quality anesthesia care and management. Established over 30 years ago and providing more than 25,000 anesthetic cases annually, our team is proud of our strong reputation for safety, dependability and experience.

Recognized for our advanced expertise, our priority is to provide each patient with a safe and successful anesthesia experience while working side by side with surgeons of all medical and dental specialties. With outstanding clinical care and customer service, we provide a seamless transition from pre-admission to discharge.

Working with New York Anesthesia, surgeons can focus on their procedures with peace of mind knowing that anesthesia is being expertly administered and monitored by anesthesiologists who have trained at some of the best medical institutions in the country... some with advanced skills in pediatric anesthesia, cardiac anesthesia and pain management.

**If you've been thinking about improving your anesthesia process, you should talk with us.**
